Note: MSA stands for Metropolitan Statistical Area, which is a Census Bureau-defined urbanized area of at least 50,000 inhabitants with a total metropolitan population of at least 100,000. Additional contiguous counties are included in the MSA if they meet certain requirements of commuting to the central counties and other selected requirements of metropolitan character (such as population density and percent urban).

**Point-in-Time Estimate of Uninsurance Rates by Age and Income  
for the Central Region of Virginia (2004)**
